**COMMISSION SESSION ASSESSMENT BY DELEGATIONS**

1. The secretariat will distribute a paper-based version of the evaluation questionnaire to delegates. The intent of the questionnaire is to assess the effectiveness of the sixty-ninth session of the Commission and to seek your views for improvement of future sessions.
2. This year, for the first time, we are offering an online version of the questionnaire to complement the paper version. Although you are welcome to fill in the paper version, we encourage using the online version if possible. Please find the link here:

5. Thank you for taking the time to provide us with your feedback.
